Dear Prospective Exhibitor or Sponsor,

It is a pleasure to invite you and your organization to participate in the 45<sup>th</sup> IEEE International Conference on Plasma Science (ICOPS 2018) which will be held at the Sheraton Downtown in Denver, Colorado from June 24-28, 2018.

Whether you're interested in connecting with old customers or expanding your network within the plasma sciences, ICOPS 2018 is the ideal venue for your organization. Historically, ICOPS has brought together more than 500 scientists, engineers, educators, and organizations to share new knowledge and ideas, reveal recent discoveries, and exchange new concepts about plasma science and applications. This conference is truly an international forum with past conference destinations including Canada, Korea, Scotland, and Turkey.

The conference selects technical talks and papers on plasma science and their applications including basic plasma physics simulation and theory, high-powered microwaves, plasma and nuclear diagnostics, nuclear fusion, plasma medicine, plasma accelerator instrumentation, high-energy density, atomic physics, and low temperature plasmas. Furthermore, a mini-course on *New Directions in Plasma Diagnostics for High Energy Density and Burning Plasmas*, led by world-renowned experts, will be held on Thursday and Friday following the main conference.

We invite you to review this prospectus and take a look at the conference website ([icops2018.org](http://icops2018.org)) for more details. In addition to the basic booth packages, there are many different sponsorship opportunities detailed in the following pages. To sign up, click on the "Sponsors and Exhibitors" link at the conference website.

Please feel free to contact the ICOPS 2018 Sponsorship & Exhibit Chair, John Cary (email: [icops2018@colorado.edu](mailto:icops2018@colorado.edu)) for more information. Sponsors and Exhibitor participation is important for the success and relevance of our Conference!
